

VE-WSX-6W

6W WALL MOUNT SPEAKER

OVERVIEW

The VE-WSX-6W is a 6 W, general-purpose, cost-effective loudspeaker for indoor use. Keyholes at the rear are provided for quick and easy wall mounting. The angled front baffle results in a better sound in the listening area. Verbena offers a 100V line wall mounting box speaker to meet the requirements of indoor public address and background music. The unit consists of a highly efficient 5" full range speaker housed in and attractive high impact

ABS cabinet to match any decor. Power tap/impedance selection arrangement is simple and does not require soldering or any other tool, it can be done by fixing the female receptacle (or push-fit terminal) on the black wire to the required tap as shown in the diagram. The speaker is enclosed in a cloth bag for protection.
